**For Immediate Release**

**Balancing Pool's Total Energy Offer Control Increases to 3,900 MW**

CALGARY, ALBERTA, January 13, 2017

On January 10, 2017 the Balancing Pool assumed energy offer control of the Sheerness generating units previously held by TransCanada and the Sundance generating units previously held by TransCanada, ASTC Partnership and Capital Power.

Including the Balancing Pool's existing energy offer control of the Battle River 5 generating unit previously held by ENMAX and Genesee generating units continuously held by the Balancing Pool, the addition of these generating units increases the Balancing Pool's total energy offer control to 3,900 MW or 24.6% pursuant to the Market Surveillance Administrator's Market Share Offer Control 2016 dated July 13, 2016.
