Melanie,

I note that F6-2016 is not on your list. Has that file been assigned to a different coordinator? We had requested a response by December 9 however will assume you will need until January 3 for this one as well?

Melanie,

To assist you, we have set the following deadlines for each of the requests listed in your email as noted in your email below. We are unable to grant extensions beyond the date requested and will proceed without a response if necessary. Unfortunately we have received a strong recommendation from the OIPC to meet the deadlines set following their decision to put us in deemed refusal for not meeting previously set deadlines for all of these requests. I would be happy to discuss with you further when we are both back in the office. Happy New Year!

Sharon,

As you know, we have spoken about the situation affecting the timelines for these consultations. I understand from our discussions these are awaiting review by legal counsel from the Minister's office. I am wondering if you able to provide an updated timeline for any of these requests or whether we should just stay in communication regarding when the Balancing Pool plans to release the records? As noted in one of my earlier communications with Melanie and as reported in the weekly report provided to you, the following response dates have been scheduled with the applicants:

- F5-2016 (2016-B-0214) - January 18, 2017

- F6-2016 (2016-B-0217) - January 18, 2017

In addition, we will plan to release the records for F5-2016 and F6-2016 absent of a response from your office by end of day Friday,

January 20 since we are already overdue on the final response dates for these requests.

I thought it would be helpful to clarify the Balancing Pool's plans for moving forward. Please do not hesitate to contact me if you wish to discuss this matter further.

Thanks,
