

## ANNOUNCEMENT

January 15, 2019

### **Balancing Pool Releases Request for Information**

The Balancing Pool has publicly released a Request for Information ("RFI") seeking to establish a pool of qualified independent third parties that will have the capability and expertise to implement certain types of offer strategies should the Balancing Pool, at its sole discretion, choose to pursue such strategies. The third party would be responsible for offer tactics and execution within the broad strategic parameters determined by the Balancing Pool.

RFI responses must be received by February 15, 2019 at 5:00 pm MST. All prospective RFI participants are requested to carefully review details of the RFI, which is available in the announcements section on the Balancing Pool website: <http://www.balancingpool.ca>.

London Economics International LLC has been engaged as an independent advisor to guide this process. All RFI specific questions are to be submitted via email to [BalancingPoolRFI@londoneconomics.com](mailto:BalancingPoolRFI@londoneconomics.com).

Following the RFI, the Balancing Pool may invite selected respondents to participate in a subsequent Request for Proposals ("RFP") and anticipates participation in the RFP will be restricted to RFI respondents.
