

## ANNOUNCEMENT

**September 20, 2021**

### **Balancing Pool welcomes Sandra Scott as President and CEO**

The Balancing Pool is pleased to announce Sandra Scott as the new President and CEO effective September 15, 2021. The Board, management, and staff are delighted to welcome a familiar face from the industry to lead the organization.

"The Board is thrilled to have an experienced leader and executive of Sandra's caliber join the team", said Board Chair Greg Clark. Ms. Scott previously worked as a senior executive with the Alberta Electric System Operator and served four years as a Director on the Balancing Pool Board until December 31, 2020. We believe Sandra's familiarity with the organization and her thorough understanding of the Alberta's unique electricity market and regulatory framework is a tremendous asset for the Balancing Pool and all Albertans."

With over 35 years of experience in the Alberta energy landscape, Sandra brings a unique combination of leadership and operational experience. "My familiarity with the history and complexity of Alberta's electric industry and my experience in developing strategies and guiding operations through major change will be useful in leading this transitional phase of the Balancing Pool."

A successful transition will entail working closely with many Stakeholders including government, agencies, associations, and industry to resolve numerous remaining commercial, legal and operational matters. "I look forward to working with the Balancing Pool team and this diverse group of Stakeholders to successfully complete the transition that started with the expiry of the PPAs in December 2020."
